

KEY FEATURES:

- Adopting IP color STREAM technology for low latency transmission
- Video resolution up to 1920 x 1080@60Hz, Backward compatible
- Supports one to one wireless transmission, distance up to 50m
- Support 5G wireless frequency band, strong anti-interference
- Support one click show and hide
- Supports stable 24/7 operation
- Portable design. Plug and play, No additional drivers required

Specification

Transmitter	
Interface	HDMI Male x 1 (Video Input), USB-C Female x 1 (Power Input)
Video Input Resolution	1920x1080p(60Hz), 1280x1024, 1280x720, 1024x768, 800x600, 720x576, 720x480, 640x480
Function Key	Reset key + pairing
LED Indication	Connection status
Receiver	
Interface	HDMI Male x 1 (Video Output), USB-C Female x 1 (Power Input)
Video Output Resolution	1920x1080p(60Hz), 1280x1024, 1280x720, 1024x768, 800x600, 720x576, 720x480, 640x480
Function Key	Reset key + pairing
LED Indication	Connection status
Video	
Technology	HDMI 1.4
Max. Resolution	1920x1080p@60Hz
Encoding Format	H.264
Display mode	Supports Duplicate and Extend mode
WIFI	
Band	2.4G+5G
Standards	802.11a/b/g/n/ac
Transmission distance	The open environment can be up to 50 meters long
Power	
Power input	USB power supply 5V/2A (TX and RX)
Max. Power consumption	Max. 3W
Operating temperature	0°C to 50°C / 10% to 80% RH(non-solidifying)
General	
Dimension (L*B*H)	51.6*51.6*15.6mm
Net Weight	150g (TX and RX)
